SAVED BY TWO WAGONS FORAKER NEED NOT FEAR

Passed Over Wires Leading to Bomb Over Which

Visit to Brownsville Would Be Absolutely Safe.

PEABODY WAS PASSING. NO TAR AND FEATHERS.

Orchard Testified That Death Dealing
Weapon Had Been Placed Under a
Sidewalk and All In Readiness, but
Plot Unexpectedly Foiled.

Dramatic Stories Related by Witnesses
Before Senate Military Affairs Com-
mittee In Connection With Matter
at Brownsville.

Boise, Ida., June 6.—Harry Orchard resumed his testimony Thursday by giving the names of several persons he met at San Francisco when he went there to assassinate Fred Bradley, who was formerly manager of the Bunker Hill and Sullivan mines in the Coeur d'Alene district of Idaho. These names were related in order to pave the way for a possible corroboration of Orchard's testimony at this point. Orchard said he was known a part of the time he was at San Francisco by the name of Barry.

Leaving California, Orchard returned to Denver, wearing the uniform of a soldier. He said he immediately called up Pettibone by telephone. "Pettibone asked me how Bradley was," continued Orchard. "I told him Bradley was still alive when I left San Francisco, but it was reported he would lose his eyesight and probably be deaf for the rest of his life. Pettibone said that he would be better off if he had killed him outright, that Bradley would now be a living example." Orchard said he asked for money and received \$125 from Pettibone, with the assurance he could get more whenever he wanted it.

Orchard said Haywood next asked him "to go to work on Judge Gabbert of the supreme court of Colorado. He said "Judge Gabbert," Orchard went on, "had been rendering decisions against Moyer, who we were trying to get out of Telluride jail on habeas corpus." I went to Judge Gabbert's house the following Sunday night with Steve Adams and a shotgun, but we did not see the judge.

"Haywood also wanted us to try again at Governor Peabody, saying he did not care how we got rid of him. At this time it seemed Peabody was about to be elected for another term. Steve Adams, Billy Acherman and I set to work and made a bomb. We put it under the sidewalk at Thirteenth street and Grant avenue in Denver. The governor walked along there every morning. Adams and I watched for the governor until he came out. Just as the governor walked over the place where the bomb was two heavy coal wagons came out of an alley and passed over the wire leading to the bomb and we could not pull it."

"CAMERA DELEGATE."

Something New In Organized Labor
Circles Has Appeared.

Chicago, June 6.—The traditional union "walking delegate" has been replaced by a person carrying a "snap shot" camera under his arm. The latter is the "camera delegate," something new in organized labor circles. The "camera delegate" is a combination of the "walking delegate" and a photographer, whose duty it is to take pictures of buildings under construction so he can call a strike from their office without visiting the job. It is the plan to photograph every building in the city where union men are at work, as well as the number where non-unionists are employed. Sufficient data will be gathered in connection with the pictures to enable union officials thus to keep track of the evolution of the building industry from day to day.

Declared to Be Coughlin.

Mobile, June 6.—There is no doubt as to the identity of Daniel Coughlin, arrested here under the name of James E. Davis. Letters found on his person show conclusively he is the man wanted. One letter was from his daughter, residing at 429 South Wilbur avenue, Chicago. Coughlin denies he is the man wanted, and other than that will not talk.

Had Been In Honduras.

Mobile, June 6.—Dan Coughlin, an ex-detective and saloonkeeper of Chicago, said the he wanted in that city for jury bribery and a fugitive in Central America, was arrested here on instructions of Chicago police. Coughlin was going under the name of Davis. He arrived a few days ago from Honduras.

DROPS DEAD.

Well Known Temperance Lecturer
Suddenly Expires While Dressing.

Lafayette, Ind., June 6.—Mrs. Helen M. Gouger, a well known temperance leader and lecturer, dropped dead at her home Thursday morning of heart failure. She was dressing when the fatal attack came. She was seventy years old and for many years had been a leading temperance agitator. In 1897, she toured the country speaking for Hon. W. J. Bryan for president.

Five Years For Woodward.

Burnet, Tex., June 6.—The jury in the case of Cal Woodward returned a verdict of guilty and assessed his punishment at five years in the penitentiary. Woodward and E. W. Yeardey were charged with the murder of Pat Carroll in San Saba county over a year ago.

Washington, June 6.—Senator Foraker was given assurance Wednesday that it would be safe for him to visit Brownsville, Tex., regardless of his efforts to prove that negro soldiers were not guilty of shooting up the town. At the conclusion of the testimony of Louis Cowan of Brownsville, who was a witness before the senate committee on military affairs, Cowan said he had been quoted in special dispatches from St. Louis as saying that if Senator Foraker went to Brownsville he would be "tarred and feathered." Cowan denied that he had made any such remark.

"Then you think it would be perfectly safe for me to go there?" asked Senator Foraker.

"Oh, yes, sir," said Cowan. "I greatly appreciate your assurance," said Mr. Foraker.

The senator then referred to another special dispatch saying that Cowan, on his way to Washington, compelled a negro porter to make up a berth in a Pullman car by threatening to shoot him. Cowan also denied the truthfulness of this story.

Senator Foraker told Cowan that he had seen the stories, but thought so little about them that he had forgotten them.

Cowan was examined closely concerning ammunition he had purchased the day of the shooting, but this purchase was not connected in any way with the affray.

He testified that he saw the flashes of shots from Company D barracks as he stood in front of a saloon on Elizabeth street, but he did not see any negro soldiers.

Bernard Kowalski testified that he attended a party at Cowan's house on the night of the shooting, and as he sat in a window facing the alley some negro soldiers passed. The witness said that one of the negroes remarked that the people in the house were having a good time, but would not be in half an hour.

R. B. Creager, United States commissioner at Brownsville, was examined concerning the investigation by citizens of the shooting.

The committee listened to several dramatic stories of the shooting up of the town of Brownsville. Chief among them was Mrs. Louis Cowan, in whose house are the marks of twenty-three bullets, and who hid her six children under a bed and threw herself on the floor during a fusillade that lasted several minutes. Describing her condition of mind during the affray, she said: "We stood it because we were too frightened to be frightened, if there is such an expression."

She was followed by Armado Martinez, a Mexica woman, who has been a servant in the family for several years. She went to a window to close the shutters when the firing began, and says she saw a negro soldier not more than thirty feet from the window raise his gun and fire into the house.

Arthur H. Davis, a clerk in the Miller hotel, testified that he heard the shots and heard also the working of magazine guns.

Louis Cowan, who was absent from home when the shooting began, testified that he was not surprised to learn that his home had been singled out to receive the worst damage from the shooting, as he had been told a week before that a negro named William Henry that the soldiers would "shoot up" the town after pay day. On the 13th, the day of the shooting, in August, Cowan purchased forty rounds of forty-five-caliber ammunition and a Winchester rifle. He said he got this ammunition to protect his family against an attack should one be made.

New Date to Be Set.

Muskogee, June 6.—W. H. Murray, president of the constitutional convention, will not call an election in the new state in defiance of the Federal court injunction. Acting on the advice of Democratic leaders he decided to withdraw the call sent out June 4. He will reconvene the constitutional convention after the supreme court decision is rendered, not later than June 14, and set a new date for the election.

Charged With Burglary.

Waxahachie, Tex., June 6.—A young man was arrested at Italy and jailed here charged with breaking into the depot at Maypearl. He is also alleged to have broken into a store at Bell Branch and rifled the cash drawer of \$13.

Postmaster Forty Years.

Nashville, June 6.—Richard M. Anderson resigned as postmaster at Bluff Point, Tenn. He had been postmaster of that place for forty years. He was doing actual service in the Confederate army when appointed.

Found Guilty.

City of Mexico, June 6.—F. Morales and B. Mora were found guilty of the murder here of ex-President Barrillas of Guatemala and given the death sentence.

Laredo growers are shipping onions at \$600 per car, free on board at that place. From the crop of 700 cars \$420,000 have been realized.

The man who wants to work is doing things to the weeds and grass in the cotton patches these days, and old Brazos will be there with about the best of them when the staple begins moving.

The Idaho mining trouble murder trials are now occupying the center of the stage and the evidence needs no red fire or spot light to make it thrill the country throughout.

Bryan is still building, building, always building and growing, and a continued wide awake policy on the part of her people will prevent this substantial growth from stopping. There is more than a whole lot in the suggestion for that I. & G. N. spur to the Brazos bottom. It would mean a great deal for that road, a great deal for Bryan and great deal for the Brazos bottom.

CHAUTAUQUA LECTURES.

Dr. Shouse Spoke Yesterday Afternoon and Capt. Sargent Last Night—Course Was Enjoyed.

The Bryan Chautauqua Assembly closed with the lectures yesterday afternoon and last night. The attendance on the course was in the main unsatisfactory, and the libraries of the schools interested will not be materially benefitted, if at all; nevertheless the course was not unprofitable and was much enjoyed by those who attended regularly. It has paved the way for future chautauqua work in this city which will no doubt be more successful. Those who have been untiring in their efforts in behalf of the entertainment to the neglect of their own business deserve the thanks of the community.

Dr. Shouse delivered an entertaining and instructive lecture yesterday afternoon, his subject being, "From Lookout Mountain to the Mammoth Cave." Personal information regarding these wonderful points of interest in our country made his discourse very attractive. It was descriptive in character, with many incidents of the civil war and other pertinent matter woven into it.

Last night Capt. H. H. Sargent spoke before an appreciative audience on that subject of world-wide interest at this time, "The Limitation of Armaments and Arbitration." Capt. Sargent was introduced by Prof. Kinnard, who referred to his successful career and his services to the A. and M. College, and to the well merited esteem in which he is held by those who have for four years been intimately associated with him, and who view his early departure from the College, to return to his regiment, with profound regret.

Capt. Sargent handles his subject in a comprehensive way, in the light of experience and research from which he draws forceful deductions. In a word, he holds that the peace of the world can not be maintained by the reduction of armaments, but that preparedness for war is the surest safeguard of peace, and will be as long as human nature remains the same. Arbitration, moral and christian influences are wonderfully strong and persuasive in their power, yet often times to render them effective it must be known that they are backed by force, and force must sometimes be resorted to. Whether one agreed with this view of the soldier and student of military history or not, he can not fail to be entertained and instructed by Capt. Sargent's lecture.

An instrumental number by Miss Agnes Kinnard and a solo by Mrs. C. L. Hilger were features of the afternoon and evening.

WILHITE AND TUCKERMAN GOSPEL CAMPAIGN.

Beginning Sunday, June 9th, in Tabernacle, Court House Square.

The Christian church, some months ago, decided to have a Gospel Campaign, one that was in harmony with the great campaigns that are being waged over our country; one that would be of lasting benefit to the town and country. After carefully considering the requirements of such a campaign, and the large number of evangelists who are conducting such campaigns, they decided to get Wilhite and his team, if we could secure them.

The pastor, after corresponding with him, finally got him to cancel some engagements in Missouri and come to Bryan. Dr. Wilhite has held successful Gospel Campaigns from Maine to California, and Bryan is fortunate to secure such eminent evangelists.

The pastor and the church most cordially invite all the Christians of the town to come and help. A special invitation is extended to all who will help us in the song service. Prof. Tuckerman requests all to meet Saturday night for practice. The public at large has a most earnest invitation to come bring your Bibles, your friends and your smiles, and a special and most cordial invitation is extended to all the friends and brethren in the country and surrounding towns.

The campaign begins next Sunday, June 9th at 11 a. m. in the tabernacle that is being erected in the courthouse yard.

order to strike out certain portions of Mrs. Gould's complaint. Mr. Gould's counsel alleged these portions are scandalous. Justice McCall reserved his decision and gave counsel until Monday to file briefs.

DEPOT MATTERS SETTLED.

Commission Finds No Objection to the Plans of the Company.

Austin, June 6.—The question of the construction of a passenger depot at San Antonio by the International and Great Northern Railway company was settled by the commission. The commission addressed a letter to General Solicitor Stedman of the road advising him that it found no objection to the plan of the company to build a depot to cost \$150,000 and issue a mechanics' lien thereon for ten annual payments; that such procedure would not be in conflict with the stock and bond law. The commission issued an order accordingly requiring the company to furnish plans within thirty days and that the depot is to be completed within six months, and the time to be extended one year, if not completed at that time.

Former Secretary of the Interior Hitchcock is here with Colonel Fordyce and Judge James B. Wells, who are interested in the Brownsville road. Mr. Hitchcock is also interested in the road and other investments in Texas. They are making a tour of inspection. The ex-secretary expressed himself as being pleased with Texas.

POPULISTIC LEGISLATION.

Judge Garwood So Terms the Intangible Assets Tax Law.

Austin, June 6.—The state tax board met Thursday to hear from railroads as to why the preliminary estimate of the intangible assets made by the board should not be made final. There is a large attendance of railway attorneys. The morning session was occupied by Judge Garwood of the Southern Pacific, who vigorously protested at the amount of intangible assets placed against the Houston East and West Texas road. He characterized the new intangible asset law as a piece of populist legislation. The first report made under the automatic tax law reached the comptroller Thursday. It was from Tax Assessor Thalmann of Bandera county. It shows total amount of property subject to taxation under the new law for 1907 is \$1,750,000.

Pau, France, June 6.—A slight earthquake was felt in Olosh, a town of the lower Pyrenees, Wednesday, but no damage was done.

BABY SHOW ANNOUNCEMENT.

The Eagle is requested to announce that the Baby Show will be given by the ladies of the Baptist church at Carnegie Hall at 4 p. m., Friday, June 7. All those who have kindly consented to let their little ones enter the contest are requested to have them ready and be there with them at the appointed hour. An admission charge of 25 cents will be made, but there will be no extra charge for entering children in the contest. Refreshments will be served. Watch for announcement of premiums. The event gives promise of being largely attended and most interesting.

ATTENTION STOCKHOLDERS.

There will be a meeting of the stock-
holders of the Bryan Fair Association at
the city hall Monday afternoon, June 10,
at 4 o'clock, to elect officers and attend to
such other business as is necessary to the
winding up of the affairs of the associa-
tion. 157 I. W. Batts.

The Bryan Ice Company reports an im-
provement in business since the hot weath-

of the wants of the public and help make
life worth living in the good old summer
time.

Rev. T. A. Searcy has returned from a
visit to Cross and North Zulch. He re-
ports about \$1000 raised for the erection of
a new Free Baptist church at North Zulch,
and states that plans and specifications are
now under consideration.

Dr. G. E. Hill of Edge was in the city
yesterday and called on the Eagle. He re-
ports the farmers busy chopping cotton,
and says considerable loss has been sus-
tained in that community from hogs
dying.

Contractor Lewis has repaired all the
storm damage to the frame work of the
new Christian church, and the structure
has advanced to a point considerably be-
yond what had been accomplished when
the windstorm blew down a portion of the
work; so that there is likely to be no fur-
ther interruption.

The Smith Drug Co. has received
\$750.00 worth of elegant new fixtures for
their handsome soda fountain. These in-
clude all counter and storage fixtures in
marble, German silver finished metal and
glass. An expert will install the fixtures
to replace those now in use.

A LIVELY MEETING.

Carpenters and Joiners Meet and Sign
the Pledge—Other Mechanics Invi-
ted to Affiliate.

The Carpenters and Joiners of
the city met promptly at 8:30 last
night at the courthouse in response
to President Kelly's call and
held a lively meeting.

There were present at this meet-
ing thirty-three carpenters which
constitute almost the entire num-
ber in the city. The purpose of
the organization is set forth in the
following pledge to which the
signatures are attached:

We, the undersigned Carpenters
and Joiners have hereby agreed
among ourselves that on and after
July 1, nine hours shall constitute
a days work, and that we shall re-
ceive the same wages that we now
receive for ten hours. M. R. Kel-

Greelan, W. B. Roman.

Mr. W. W. Harris was invited
to address the organization at the
meeting next Thursday night on
the subject of labor organizations.
The public is cordially invited to
attend.

All mechanics in sympathy with
the movement are invited to affil-
iate with the organization.

Those present volunteered to
work free of charge next Wednes-
day afternoon for Contractors
Lewis and Gammon, who each sus-
tained considerable losses in the
recent storm.

A freight wreck in which seven cars left
the track and five of them were badly
smashed up, happened at Benchley Wed-
nesday night, and both the H. & T. C.
night passenger trains detoured over the I.
& G. N. between Bryan and Hearne. The
road was cleared and traffic resumed on
the line yesterday.

Miss Bertha Townsend of Belton, em-
ployed as city missionary by the Bryan
First Baptist church, has arrived to enter
upon her duties, and is at home with Mr.
and Mrs. T. R. Batte. She will do local
work in the interest of the church and
Sunday school and the Texas Woman's
College.

Judge V. W. Grubbs of Greenville was
in the city yesterday afternoon between
trains. Judge Grubbs is interested in an
industrial school enterprise of magnitude,
the location of which has not yet been
selected, and says that several points in
the state are anxious to secure it, among
others, Luling, to which place he was en-
route.

The Eagle notes with pleasure that Miss
Cora Dulaney has been elected a teacher
in the Navasota city schools for the com-
ing year. She will have charge of the
fourth grade. Miss Dulaney is a young
lady of fine ability as a teacher, and the
Navasota school board will find her a val-
uable addition to the faculty. Miss Mary
Spann, re-elected by the board, formerly
resided in this city, and her success in
teaching has been very marked, and is
most gratifying to her friends.

Monroe Edge informs the Eagle that
Albert Schultz has purchased about forty
acres of land lying south of the Fin-Feath-
er Club property and available for es-
tablishing a fine lake of twenty acres at
small expense for a dam, by utilizing the
embankment of the I. & G. N. railroad
for a dam across the draw. Mr. Edge in-
forms the Eagle that permission has been
granted by the railroad company to fill in
the culvert at this point provided the
party making the improvement will bear
the expense of putting in a spillway. Mr.
Edge says that Mr. Schultz is willing to
sell the property to a club as it stands or
to improve it and sell, as may be desired.

Preventics are thoroughly harmless Little
Candy Cold Cure tablets. No Quinine, no
axative, nothing sickening whatever.
To check early Colds or Grippe with "Pre-
ventics" means sure defeat for Pneumonia.
To stop a cold with Preventics is surely
easier than to let it run and be obliged to
cure it afterward. Preventics will however
reach a deeply seated cold. But taken
early—at the sneeze stage—they break or
head off these early colds. That is surely
better—that is why they are named "Pre-
ventics." Promptness however is all-im-
portant. Promptness in the use of Pre-
ventics may save half your usual sickness.
Feverishness, night or day, with child or

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

TELLS TERRIBLE TALE.

Crimes Cowardly Confessed to and Implicates Others.

Boise, Ida., June 6.—The promise by the special prosecutors for the state that they would later, by proof and connection, legitimize his testimony, opened the way like a flood gate to the whole diabolical story, and throughout the entire day Wednesday Harry Orchard, in the Haywood case, went on from crime recital to crime recital, each succeeding one seemingly more revolting than those that had come before.

Orchard confessed that as a member of the mob that wrecked the Bunker Hill and Sullivan mill in the Couer d'Alenes, he lighted one of the fuses that carried fire to the giant explosives; confessed that he set the death trap in the Vindicator mine at Cripple Creek that blew out the lives of Superintendent McCormick and Foreman Beck; confessed that because he had not been paid for his first attempt at violence in the Vindicator mine he had been treacherous to his associates by warning the managers of the Florence and Cripple Creek railway that there was a plot to blow up their trains; confessed that he cruelly fired three charges of buckshot into the body of Detective Lyle Gregory of Denver, killing him instantly; confessed that for days he stalked Governor Peabody about Denver, waiting a chance to kill him; confessed that he and Steve Adams set and discharged the mine under the depot at Independence and instantly killed fourteen men, and confessed that, failing in an attempt to poison Fred Bradley of San Francisco, he blew him and his house up with a bomb.

Orchard told of meeting Haywood and Pettibone in Denver. "They wanted to know if I could not work up some scheme to assassinate Governor Peabody of Colorado. They said they could not get justice in the courts, and the only way to get our rights was to take the law into our own hands. They wanted me first to see if I could not get acquainted with Governor Peabody, his ways, etc., and see what chance there was to assassinate him. I proceeded to watch him for some time at the capitol and at his home on Grant avenue, three blocks away from the capitol."

"I reported to Haywood and Pettibone that there was a stone wall near Peabody's house, from behind which he could be easily shot. Haywood said he thought Steve Adams was the best man for the work. I went to Cripple Creek and saw Adams about it. He said he was ready for it—was ready for any other thing. I gave Adams some money and came away. He said he would come to Denver and telephone me in a few days. Adams followed me to Denver in three days. I saw Adams in the room ver Pettibone's store and at headquarters. Pettibone sold house specialties. I told Haywood and Pettibone that Steve was coming, and they said all right."

"When Steve came they gave him some money, and Pettibone bought Adams a new suit of clothes and fixed him up."

"They also gave Adams and me two sawed off shotguns and shells loaded with buckshot. The guns were sawed off so we could carry them under our coats. Pettibone gave us the guns. He got them from Federation headquarters."

"We watched for Peabody every night for a week, but did not see him for a week. We kept after him for three weeks. One night we saw a hack come along and turn into his residence. We stole up behind it with our guns expecting to see the governor get out. Only two women alighted, however. After this we were afraid to go around there, for the women had watched us closely that night. We then decided we would try to use a bomb, digging a hole in the sidewalk and burying it."

"Did you talk to Haywood about this?" "Yes. Pettibone said all right, but Haywood said he did not want this done, because the executive board was in session, and he did not want anything to occur at this time. He told us to lay off for awhile. We remained in the city, but did not go to headquarters much."

Next, Orchard declared, Pettibone suggested the assassination of Lyle Gregory, a deputy sheriff. Orchard said he, Pettibone and Adams located the man in a saloon drunk. When Gregory started from the neighborhood Orchard said he shot three times with a sawed off shotgun. Pettibone left the party before the shooting. Asked whether he killed Gregory, Orchard said he believed he did.

Orchard then told of running away and hiding his gun. Next day he saw Haywood, Pettibone and Jack Simpkins.

"They all expressed themselves as well pleased with the job." "Where was Moyer at this time?" "He was in jail at Telluride." Orchard said there was no specific arrangement as to the amount of money to be paid for the taking off of Gregory. He received \$100 the next day, and had been getting money from headquarters right along. Orchard said Haywood, Pettibone, Simpkins and Sherman Parker "wanted something pulled off" in Cripple Creek.

Sent to Tokio.

St. Petersburg, June 6.—Final drafts of the Russo-Japanese commercial treaty have been completed and sent to Tokio for approval. The answer of the emperor of Japan is expected during the latter part of the present month. The treaty will remain in force for five years, according to the Novoe Vremya, and will be more political than of an economical character. The protocol covering negotiations will be made public in the yellow book when the treaty is signed.

Cigarmakers on Strike.

Salt Lake City, June 6.—About 100 cigarmakers are on strike for better pay.

POLLARD PERSISTENT.

Assistant Attorney General Is of Same Opinion.

Austin, June 6.—Notwithstanding the visit of the attorney of the Liquor Dealers' association and several members of the legislature, Assistant Attorney General Claud Pollard will not recall his opinion to the controller holding that the Baskin-McGregor bill will have the effect of causing the saloons to remain closed while the new licenses are being taken out. The present licenses would expire on July 11, and it would be from ten to twenty days before the new formula for securing a liquor dealer's license could be gone through with.

The attorney for the liquor dealers failed to convince Mr. Pollard of any error, and the opinion as written, stands, at least for the present. Further investigation might change Mr. Pollard's opinion, though nothing of that kind has as yet been found, though several members of the senate and house, including the speaker of the latter body, visited Mr. Pollard and Attorney General Davidson in an attempt to persuade them to the contrary.

May Remain Open.

San Antonio, June 6.—A largely attended meeting was held by local saloon men. It is believed they will remain open during the twenty days Assistant Attorney General Pollard says liquor selling will be illegal.

NEARLY ALL HURT.

Fifty-Seven Out of Sixty Passengers Sustained Injuries.

Nashville, June 6.—Going at a speed of between twenty and thirty miles an hour Southern railway passenger train No. 2 plunged off a fifteen-foot embankment at Black Branch, near Lebanon, Tenn., thirty-three miles east of Nashville, injuring some fifty-seven people out of a total of sixty aboard.

Two passenger coaches, the mail and baggage cars left the track. No one seems to know just what caused the wreck. It is stated that a spreading rail was the cause. Another report was that the front trucks of the tender of the engine jumped the track and threw the baggage car and two passenger coaches off the track. The relief train which was sent from here returned bearing the wounded, who were hurried to the hospitals.

Assessments Revised.

Birmingham, June 6.—A special from Jackson, Miss., says that the Mississippi railroad commission, sitting as a board of equalization, increased the assessment of the property of common carriers \$2,500,000, making the total assessment about \$48,000,000. The heaviest increase was on the Mobile, Jackson and Kansas City line, amounting to about \$1,000,000. The Cumberland Telephone company was also increased about \$250,000.

Mutiny Breaks Out.

St. Petersburg, June 6.—A mutiny broke out among a squad of Huzzars of the guards stationed at Tsarskoe-Selo, to which the imperial family had just removed. The mutineers were promptly surrounded and disarmed by other troops, and order was restored without any bloodshed.

Fought Knife Duel.

Ashland, Miss., June 6.—Marvin and Don Mathers fought a duel with knives here while drinking. Marvin was killed instantly, and Don, with a number of wounds in his body, is not expected to recover.

Lasted Ten Seconds.

San Francisco, June 6.—An earthquake shock lasting ten seconds was felt here Wednesday morning. No damage.

Dies Sitting In a Chair.

Fort Worth, June 6.—Henry Clay Henwood, eighty-two years old, died at the Avenue hotel while sitting in a chair.

Banquet to Vice President.

Chattanooga, June 6.—The Society of Chattanoogaans banquetted Vice President Fairbanks.

BREVITIES BUNCHED.

Quanah, Tex., is to soon have paved streets. Lightning killed three mules near Enloe, Tex. Lotus club at New York will erect a \$600,000 home. Grayson county has a large peanut acreage this year. St. George hotel, Dallas, is to have a five-story annex.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you.
